

# COMMUNITY CARE PROVIDER - MEDICAL REQUEST FOR SERVICE

*(Separate Form Required for Each Service Requested)*

**Request for Service (RFS) Submission Requirements:** Complete the Medical or DME RFS form for services not on the original authorization or to request a new authorization for services. Only one request per form. (1) Complete RFS form 10-10172. (2) Attach appropriate medical records and care plan to support the request. (3) Have the ordering provider sign and date the form. (4) Submit request via HSRM, Fax, or Secure E-mail.

**NOTE:** Requests are approved/denied at the VA facility's discretion and supporting documentation must accompany each request.

## SECTION I: VETERAN & ORDERING PROVIDER INFORMATION

|                                                                                                                           |                                                                                       |                                                                                                                                                                 |

18. REASON FOR REQUEST *(To avoid delays in care, include appropriate documentation such as office notes, current treatment plans, clinical history, laboratory results, radiology results &/or medications to support the medical necessity of services requested)*:

Requesting more acupuncture visits, as patient's condition shows slow signs of improvement with care.

**ATTESTATION:** I do hereby attest that the forgoing information is true, accurate, & complete to the best of my knowledge & I understand that any falsification, omission, or concealment of material fact may subject me to administrative, civil, or criminal liability. I do hereby acknowledge that VA reserves the right to perform the requested service(s) if the following criteria are met: (1) The patient agrees to receive services from VA (2) Service(s) are available at VA facility & are able to be provided by the clinically indicated date (3) It is determined to be within the patient's best interest. Upon completion of the requested service(s), VA will provide all resulting medical documentation to the ordering provider. If all criteria listed are not true & VA agrees the service(s) are clinically indicated, VA will provide a referral for services to be performed in the community. I do hereby attest that upon receipt of order/consult results, I will assume responsibility for reviewing said results, addressing significant findings, & providing continued care.

**Additional Resource:** Clinical Determinations and Indications. VA Clinical Determinations and Indications (medical policies) describe standard VA health care benefits for services and procedures that community providers may recommend as necessary for a Veteran. Prior to providing care, providers should use Clinical Determinations and Indications (CDIs) as a reference when determining if a Veteran meets VA clinical criteria. When additional services are requested, Clinical Determinations and Indications will be used to determine approval by a clinical reviewer. Clinical Determinations and Indications, as well as supporting information, can be found at: <https://www.va.gov/COMMUNITYCARE/providers/info-CDI.asp>.
